Results by job profile

Each person's assessment includes emails specific to their role (ISO/IEC 27001:2022, control A.6.3: awareness and training relevant to the job function; clause 7.2: evaluating the effectiveness of training).

Profile	People	Completed	Accuracy	Previous	Time
Finance and purchasing	7	7 (100%)	88%	84%	9.2 s
People and payroll	6	6 (100%)	96%	80%	8.7 s
Management	5	5 (100%)	93%	79%	9.7 s
IT	3	3 (100%)	93%	89%	9.4 s
General	25	24 (96%)	90%	81%	9.3 s

Profiles with fewer than 3 people are included in “General” so that individual results are not shown.

Training content

Inbox simulator with sessions of about 3 minutes. Each quarterly assessment mixes legitimate and phishing emails with cyber hygiene situations. Topics covered:

- Senders, domains and deceptive links
- Impersonation of public bodies, banks and couriers
- Payroll and HR
- Passwords, IT notices and multi-factor authentication (MFA)
- Collaboration tools and e-signatures
- Invoices, bank detail changes and CEO fraud
- Dangerous attachments and QR codes
- Data protection, generative AI, USB devices and Wi-Fi
- Compromised accounts and incident reporting
